

# REMA AYYAF

INTERIOR ARCHITECTURE & DESIGN GRADUATE

## PROFILE

Graduate and former First Class Honour student at Sheffield Hallam University in the UK, with a Bachelor's degree in Interior Architecture and Design. I am highly motivated by largescale projects especially in the development of my country and Saudi Arabia's 2030 vision. I am interested in a work environment where I can contribute all my learnings; as well as gain experience and further develop my skills and knowledge.

## PERSONAL SKILLS

### PRESENTATION/COMMUNICATION

I am good at presenting my ideas and projects clearly and effectively. Public speaking is a skill I have picked up and developed with my time in theater, as well as effectively communicating design proposals.

### HARD WORKING

I always make the most of my work. I am highly ambitious, determined, and committed. I make sure to put my work before anything else.

### PUNCTUALITY

I hand in work on time and never keep anything to the last minute. I am rather organized and always ahead of time, and never miss deadlines.

### ADAPTABILITY

As a result of moving between cities and universities, I have become very flexible and adaptable to change, and I am able to take full control and adjust to any given circumstance.

### PLANNING/ORGANIZING

This skill pushes me to develop strategies in order to accomplish set goals. I developed this skill from joining different clubs and societies such as Prom Committee and Grad committee that requires good planning & designing skills.

## EXPERIENCE

### Project Execution Co.

Jeddah, Saudi Arabia

— Internship —

PRESENT

Taking part in this internship gave me the ability to collaborate well as part of a team and work together productively and complete projects efficiently. I gained an understanding of commercial and residential projects while applying what I learnt in uni in the practical world and adding value in the design sector.

### Yalla Hike

Riyadh, Saudi Arabia

— Volunteering —

PRESENT

Volunteering as a Creative Director, I am responsible for branding and graphic design and coming up with creative insight that enhances customer and service revenue. A 238% increase in followers and 167% increase in account interactions since I've joined the team. I learned to enhance my creative thinking while engaging in customer interactions.

### Portland Works

Sheffield, United Kingdom

— Volunteering —

APRIL 2019

Hands-on experience specifically in historical building renovation. Teamwork and hardwork played huge roles in achieving our goals as it allowed us to complete roof renovations and progress the company's education program.

### Theatre Production

Riyadh, Saudi Arabia

— Set Design —

FEBRUARY 2016

My love for theatre and design has enabled me to contribute to the school's musical production. Directing set designs and creating models was innovating. Yet the satisfaction came from overcoming the challenges of transitions and moving the props around the stage.
